Taren M. Swindle is an Associate Professor in Family and Preventive Medicine within the College of Medicine at the University of Arkansas for Medical Sciences. Dr. Swindle's research focuses on increasing adoption of evidence-based practices and interventions in community settings through the application of Implementation Science. She has a particular focus on obesity prevention and nutrition promotion for young children in families and communities impacted by poverty. Dr. Swindle is the Associate Director of the Community Engagement Core of the Center for Childhood Obesity Prevention of Arkansas Children's Hospital and is core faculty with the Center for Implementation Research at UAMS.
